WORK HISTORY

NAC - IT Staff and System Administrator & Developer

12/2022 – 05/2023

- System admin and developer for the School 'Student Management System'.
- As a System Administrator and Developer at NAC, I played a pivotal role in the successful management and development of the School's 'Student Management System' (SMS). This key position allowed me to contribute significantly to the enhancement of overall operational efficiency within the academic environment.
- System Administrator: Managed and maintained the infrastructure of the 'Student Management System,' ensuring its seamless operation. This involved overseeing system updates, troubleshooting technical issues, and implementing security measures to safeguard

NEODOCTO-Digital Marketing Department Intern

04/2022 – 07/2022

- As a Digital Marketing Department Intern at NEODOCTO, I actively contributed to the organization's digital marketing strategies and gained valuable hands-on experience in the dynamic field of digital marketing.
- Collaborated with the digital marketing team to develop and implement targeted marketing campaigns across various online channels.
- Assisted in content creation, including writing compelling copy for social media, emails, and other digital platforms.
